# About Us.

## Our History

Centre for Health & Development, Research and Consulting (CHAD) started as a partnership in 2016 and later was incorporated as a limited company in 2018, and it operates as a not-for-profit organisation. CHAD worked closely with the government of Malawi, especially the Ministry of Health (MoH), to carry out different studies, conduct consultancies for implementing agents in health, socioeconomic development, environment protection, and in disease control programs and manage donor funds by international organisation for different programs.

CHAD focuses exclusively on high quality, cost-effective and impactful research, development, and implementation in Public Health, Climate Change, and Economic Growth Water Sanitation and Hygiene (WASH). This is made possible with the involvement of skilled and experienced experts. CHAD has run projects in government, international NGOs & agencies, CSO, academia and partnered with international and local firms.

# Mission, Goal & Vision.

## MISSION

Dedicated to improved public health and peoples' welfare through high-quality operational and implementational research, program management and consultancy

## GOAL

To contribute to evidence informed policy decision making.

## VISION

To become a well-recognized research and consulting Centre in Malawi and beyond in Sexual Reproductive Health (SRH), Neglected Tropical Diseases (NTDs), water, sanitation, and hygiene (WASH), climate change, and financial management for disease programmes.
